

OZ MARITIME

APPROVALS 2026

Approvals, certifications and memberships

Approval in this industry is granted per scope, per product group and, for liferafts and lifeboats, per manufacturer. This sheet lists who recognises our work. Current certificate copies, with the scope that applies to your vessel and equipment, are issued on request, so the copy you hold is always current.

CLASSIFICATION SOCIETIES · SERVICE SUPPLIER APPROVALS

ABS · Bureau Veritas · DNV · Lloyd's Register · RINA · ClassNK · KR Korean Register · Türk Loydu Istanbul 1962

FLAG ADMINISTRATIONS

Türkiye · Panama · Liberia · St Kitts & Nevis · Palau · Bahamas

MANAGEMENT SYSTEMS

ISO 9001 · ISO 14001 · ISO 45001

Quality, environment, occupational health and safety; complaints handled to ISO 10002.

MEMBERSHIPS AND NETWORKS

impa · BIMCO · marcura

OZ MARITIME TR : TN-251537 OZ MARITIME EU: 311839

WHAT EACH RECOGNITION COVERS

An approval is only useful if you know its scope.

AREA	WHAT IT MEANS FOR YOUR VESSEL	GOVERNING TEXT
Fire-fighting and LSA service	Service supplier approvals from classification societies for inspection, testing and certification of fire-fighting equipment and life-saving appliances.	SOLAS II-2, SOLAS III, class rules
Lifeboats, davits, winches, release gear	Authorised service provider. Each technician holds a maker certificate stating the makes and types covered. A copy of both goes into the service pack.	SOLAS III/20, MSC.402(96), MSC.559(108)
Equipment no longer supported by its maker	Authorisation obtained from the vessel's flag before the examination, and added to the service pack.	MSC.402(96), flag notices
Liferafts	Station approvals are maker-specific. We confirm the authorisation for your make before the raft is landed, and say so if it is outside our approvals.	SOLAS III/20.8, A.761(18)
GMDSS radio survey	Surveys by radio surveyors recognised by the relevant flag administrations; VDR annual performance tests under the maker's authorisation.	SOLAS IV, SOLAS I/9, A.702(17)
Flag acceptance	Recognitions and equipment-specific authorisations from the flags listed. Authorisation by one flag is not automatically accepted by another; we check against your flag.	Flag circulars and notices
OEM and maker partnerships	Ecoexhaust, NK / The Safety, Lalizas and Arimar since 2024.	Maker agreements
Management systems	ISO 9001, ISO 14001 and ISO 45001; complaints handling to ISO 10002.	ISO standards

DOCUMENT VERIFICATION

Checking one of our certificates?

Scan the QR seal on the document, or send us the reference, the vessel name and the equipment details. We confirm the document and the approval scope that applies to it.

WORKING WITH US

What sets us apart, and how to register us as a supplier.

WHAT SETS US APART

- Own engineers, own workshops, own vehicles: no quiet subcontracting
- One report format and one portal across Türkiye and Europe
- Several service lines combined into one attendance
- QR-verifiable reports and certificates
- MSC.402(96) authorised service provider for lifeboats and launching appliances

SUPPLIER REGISTRATION

For vendor registration we supply company registration and tax documents, bank details on company letterhead and current approval certificates, on request.
